

Please accept this letter of recommendation for Andrew Gerber. I have served as Andrew's boss for the last 2 years. In my time with him, I've seen Andrew mature professionally as a person and also have watched him produce high quality video content. He's grown up in his time at Central Michigan University and his experiences have allowed him to develop and prepare for this industry.

Andrew has been one of the most reliable students I've had at CMU. He's always made himself available to work and it's allowed him to gain experience in many different roles, whether it be shooting camera, editing, directing or producing. Each of the years that Andrew has been a student at Central Michigan, he's continued to become more skilled and diverse in video production and his creativity has been utilized for many of our intro videos, feature packages, highlight recaps and hype videos.

Not only has Andrew continued to improve his video production skills, he also has progressed as a leader in our department. With his experiences, he became a reliable source for younger students to latch on and gain knowledge from him. Andrew exemplified his leadership qualities while working with the other students and was just as eager to help them learn, as he was to continue to develop in his own role.

Andrew Gerber has taken advantage of his opportunities and is ready to start his career. I am fully confident in his video production ability and his creativity makes him extremely qualified for any position. On top of his dedicated hard work ethic, Andrew is an even better person. He's driven, responsible and always brings a positive attitude to work. If you're looking for a talented, dedicated, and selfless individual, I would highly recommend Andrew Gerber. Any further questions about Andrew, feel free to contact me.
